3.1.1 Account Management

3.1.1.3 User Profile

3.1.1.3.7 Watch History.

Test Category: System Test	Description: This will test that movies can be successfully ranked into the like and dislike category in watch history.		
Test Case: 3.1.1	Case Name: 3.1.1.3	Version: 1.0	Written By: Maulahna Robinson
Requirements Fulfilled: 3.1.1.3.7	Purpose: This test will ensure that movies can be ranked into the like and dislike categories in watch history.		

Setup Conditions:
1. Create an account and log into FlixPicks. 2. Complete the Taste Profile survey. 3. Go to the user's home page.

Test Case Activity		Pass/Fail	Comments	Expected Result
1	In the top right of the screen, scroll over the orange user profile dot. Select "Watch History".			There will be a drop-down box with a few options, including Watch History!
2	Select either the up or down arrow for the movies in the "How did enjoy the movie?" category at the top of the page.			- Clicking the thumbs-up will move the movie into the liked section. The thumb should be green. - Clicking the thumbs down will move the movie into the dislike section. The thumb should be red.

3	Scroll down to the liked section. Scroll over the thumbs-up button and the thumbs-down button.			- The thumbs-up button is disabled and can't be clicked on. - The thumbs-down will light up to be selected.
4	Scroll down to the dislike section. Scroll over the thumbs-up button and the thumbs-down button.			- The thumbs-down button is disabled and can't be clicked on. - The thumbs-up button will light up to be selected.
